Club Rules:

Each English Bay Golf Club (EBGC) event is a low net tournament, with prize money points awarded for the top three finishers.

(1st =10, 2nd =5, 3rd =2) Each player is responsibility to give his gross score to the starter after each EBGC event. The starter will adjust each player's gross score to a net score using the RCGA index sheet for the course and tee box played.

Member's must maintain an honest index/handicap during the entire season by entering scores online at the RCGA website for every round played during the EBGC season, not just the rounds played with the EBGC. Scores should be entered after adjustments at the RCGA website http://www.rcganetwork.org/App_Themes/RCGANetwork/index.html Member's not having score's entered before the start of the next EBGC tournament will be calculated using a 0.0 handicap factor for that event.

Players must notify the starter no later than 5 days prior if not attending the game or charges may occur if the EBGC is charged by the course for the reserved spot.
