

# English Bay Golf Club

## Completing a score card for a RCGA registered handicap

- 1) Each player must complete a score card of their own
- 2) Date the card and Sign your name as scorer
- 3) Compare your carded handicap with the course handicap sheet (write down your course handicap)
- 4) Enter gross scores for each hole

5) After round - *Adjust all holes with Equitable Stroke Control "ESC"*

ESC is the downward adjustment of individual hole scores for handicap purposes in order to make Handicap Factors more representative of a player's potential scoring ability. ESC sets a maximum number that a player can post on any hole depending on the player's Course Handicap. ESC is used only when a player's actual or most likely score exceeds their maximum number based on the table below but is applied to all scores for handicap purposes, including tournament scores. There is no limit to the number of holes on which a player may adjust their score.

<b>Course Handicap</b>	<b>Maximum Number On Any Hole</b>
0 or plus	1 over par
1 through 18	2 over par
19 through 32	3 over par
33 and over	4 over par

- 6) After ESC adjustments, total scores
- 7) Deduct course handicap from your score
- 8) Total your final NET score
- 9) Have the score card attested (signed) by a player that played in your group that day
- 10) Hand the score card into the Starter
